

Destination 2067: David Love

Fire up the flux capacitor and fast-forward to 2067

Some things will not change.

Death - It will have happened to us. My ashes will be mixed with Kathy's in the memorial garden.

Taxes - Those still here will be paying.

Our core values:

Diverse, spirit filled worship

Come together in fellowship

Invite and embrace in hospitality

Serve those in need as outreach

Compassion and support in pastoral care

Embrace one another in love, acceptance and friendship...inclusion

Provide opportunities for life long learning in Christian education

Still aspire to be good stewards of all gifts.

In short, we will "reach out with joy and acceptance in worship and ministry, inviting all to experience and share God's gifts and abundant love as we grow in Christ."

I refer you to the tri-fold just outside in the hallway.

Debt - We will have a financial debt...that is because of what will change...

We will be worshipping in our larger worship space located just out there with the stained glass window facing due east. This will complete the third phase of the master plan which we approved when we approved the parish hall about 10 years ago.

In 2067 St. David's will be serving the community more effectively with more sharing of God's Gifts and Love.
